

UNO_ERP Tour Status Transition Process Flows

Detailed Forward Transition Criteria: Draft → Proposal → Confirmed → In Progress → Completed

Action 1 Forward Transition Criteria Specification | August 2026

FORWARD TRANSITION

Draft → Proposal

Business Meaning & Impact:

Freezes the initial tour itinerary quote so sales team can issue formal B2B proposal quotes to clients.

Automated System Checks:

- ProjectId != null
- ArrivalDate != default
- EndDate > ArrivalDate
- Pax > 0
- BaseFee > 0

Mandatory Transition Checkpoints (100% Pass Required):

Checkpoint 1: Project & Destination Definition

Valid B2B Project Code assigned (e.g. Orta Avrupa - BVP) and destination city routing selected.

Checkpoint 2: Pax Breakdown & Pricing Engine

Passenger count entered (Adults, Children, Infants). Package rates & base fee calculated (BaseFee > €0).

Checkpoint 3: Itinerary Date Boundaries

Arrival Date and End Date defined with valid non-zero duration (EndDate > ArrivalDate).

Checkpoint 4: Initial Service Skeleton

Base hotel, transport, and guide service templates instantiated in tour record.

FORWARD TRANSITION

Proposal → Confirmed

Business Meaning & Impact:

Guarantees that the tour is 100% operationally locked and fully backed by supplier reservations.

Automated System Checks:

- HotelConfirmed == true
- GuideAssigned == true
- TransportConfirmed == true
- ClientDepositConfirmed == true

Mandatory Transition Checkpoints (100% Pass Required):

Checkpoint 1: Hotel Reservations Confirmed

100% of city stop hotels (Budapest, Vienna, Prague) have confirmed room reservations & vouchers issued.

Checkpoint 2: Guide Assignment Confirmed

Primary Tour Guide assigned, language requirements matched, daily rate accepted, and contract locked.

Checkpoint 3: Transportation & Bus Locked

Transport company & driver assigned. Coach capacity verified (e.g. 50-seat bus for 36 pax).

Checkpoint 4: Client Deposit & Contract Confirmed

Client B2B tour operator contract signed and initial deposit payment received.

FORWARD TRANSITION

Confirmed → In Progress

Business Meaning & Impact:

Marks active on-the-ground tour execution, daily guide management, and real-time excursion sales.

Automated System Checks:

- `CurrentDate >= ArrivalDate`
- `FlightManifestVerified == true`
- `RoomingListDispatched == true`

Mandatory Transition Checkpoints (100% Pass Required):

Checkpoint 1: Arrival Date Reached

Current system date $\geq$ ArrivalDate (Arrival date threshold reached).

Checkpoint 2: Flight & Arrival Manifest Landed

Passenger arrival flight numbers & airport arrival list verified by DMC airport representative.

Checkpoint 3: Rooming List Dispatched

Final rooming lists handed over to hotel reception desks for smooth group check-in.

Checkpoint 4: Guide Daily Operational Log Active

Tour Guide checked in on-site and daily cash remittance tracker initialized.

FORWARD TRANSITION

In Progress → Completed

Business Meaning & Impact:

Finalizes tour operations, seals financial accounts, and prevents further unauthorized expense edits.

Automated System Checks:

- `CurrentDate >= EndDate`
- `UninvoicedSupplierCount == 0`
- `AccountingClosed == true`

Mandatory Transition Checkpoints (100% Pass Required):

Checkpoint 1: Return Date Reached (Passengers Departed)

Current system date ≥ EndDate. Passengers departure transfer completed & flights departed.

Checkpoint 2: 100% Supplier Expense Reconciliation

All supplier costs (Hotels, Guides, Transport, Excursions, Extras) entered & invoice-verified.

Checkpoint 3: 100% Client Revenue Reconciliation

All client billable items & invoices issued and reconciled against client ledger.

Checkpoint 4: Accounting Closed Flag Set

Financial audit locked by Accounting Administrator (`AccountingClosed == true`).

FORWARD TRANSITION

Active Status → Cancelled

Business Meaning & Impact:

Safely handles cancelled departures, resolves supplier penalties, and prevents invalid revenue billing.

Automated System Checks:

- CancellationReason != null
- SupplierPenaltiesCalculated == true
- CreditNoteGenerated == true

Mandatory Transition Checkpoints (100% Pass Required):

Checkpoint 1: Cancellation Reason Logged

Formal cancellation reason recorded in AuditLogs with user timestamp & administrator approval.

Checkpoint 2: Supplier Cancellation Policy Check

Hotel & transport cancellation penalty fees computed according to contractual SLAs.

Checkpoint 3: Client Deposit Refund / Credit Note

Client refund balance or credit note generated in Accounting ledger.

Warning Alert: 7 Days to Departure

Triggers if Hotel reservation or Transport company is still UNCONFIRMED 7 days prior to Arrival Date.

Warning Alert: 3 Days to Departure

Triggers if Guide is UNASSIGNED or UNCONFIRMED 3 days prior to Arrival Date.

Critical Alert: 24 Hours to Departure

Triggers if Passenger Flight Info or Rooming List is INCOMPLETE 24 hours prior to Arrival Date.

Accounting Warning: 7 Days Post-Tour

Triggers if Tour is Ended but Accounting Closed flag remains UNSET after 7 days.
