

UNO_ERP Tour Status Transition Criteria & Checkpoints

Process Lifecycle Definition, Checkpoint Gates, and Automated Warning System

Action 1 Process Specification Document | August 2026

Tour Lifecycle Status Transition Architecture

PROCESS FLOW

1. Draft

Initial itinerary assembly, estimated pax count, draft pricing.

2. Proposal

Client proposal sent, base services loaded, pricing locked.

3. Confirmed

All 4 Checkpoints mandatory: Hotel, Guide, Bus, Client Deposit.

4. In Progress

Arrival date reached, flight landed, active tour execution.

5. Completed

Return date reached, 100% costs/sales entered, Accounting Closed.

6. Cancelled

Cancellation logged, supplier fees & refund adjustments settled.

To transition a tour status to **CONFIRMED**, the system evaluates 4 Mandatory Checkpoints:

1. Hotel Reservation Checkpoint

All hotel stays across all cities (Budapest, Vienna, Prague) must have confirmed room bookings & vouchers issued.

2. Guide Assignment Checkpoint

Primary Tour Guide assigned, language verified, daily rate accepted, and contract confirmed.

3. Transportation Checkpoint

Bus / Transport company assigned, coach capacity checked (e.g. 50-seat coach for 36 pax), driver details loaded.

4. Client Confirmation Checkpoint

Client B2B tour operator contract signed and initial tour deposit confirmed in system.

To transition a tour status to **COMPLETED**, the system enforces 3 Completion Criteria:

1. Return Date Reached

System date $\geq$ EndDate (Passengers departure completed and flights departed).

2. 100% Expenses & Revenue Reconciliation

All supplier invoice costs (Hotels, Guides, Transport, Extras) and client revenue items entered and matched.

3. Accounting Closed Flag

Financial accounting audit completed and locked by Finance Administrator.

Automated Time-Window Warning Notifications:

Warning Alert: 7 Days to Departure

Triggers if Hotel reservation or Transport company is still UNCONFIRMED 7 days prior to Arrival Date.

Warning Alert: 3 Days to Departure

Triggers if Guide is UNASSIGNED or UNCONFIRMED 3 days prior to Arrival Date.

Critical Alert: 24 Hours to Departure

Triggers if Passenger Flight Info or Rooming List is INCOMPLETE 24 hours prior to Arrival Date.

Accounting Warning: 7 Days Post-Tour

Triggers if Tour is Ended but Accounting Closed flag remains UNSET after 7 days.
